Chapter 1

IGNORE THIS! Deliberately broken doc page for self-test

Here's a code inclusion that works:

```
//===== start_of_namespace=============================================
```

...and here's one that doesn't because I've deliberately broken the hook:

Here's a link that works

  Sommerfeld radiation condition

and here's one that possibly doesn't because of an isolated "<a":

  Sommerfeld radiation condition

Bla bla   click on this and you won't get anywhere because the link is broken!
bla bla.
